PMS = Pantone Matching System. CMYK = Process Print values

Can I change the symbols?

- The Recycling Symbols are designed in editable pdf format so that organisations have the ability to change the wording on the bottom line if they have access to a version of Acrobat XI Standard or higher. E.g. Acrobat XI Standard; Standard DC; XI Pro; Pro DC.
- Organisations are not able to change the symbol or icon.
- Organisations requiring new or modified icons are able to contact the designer and commission a symbol for a fee.  
Email Marc Wilson design@mmw.co.nz
